To Whom It May Concern:

I am interested in the posted elementary teaching position(s) within your school district. As an educator, my hope is to obtain a teaching position that will utilize my passion for child development, together with my skills and experience to make a significant difference within the lives of children in your school district. With my teaching experience and background, I am a qualified candidate for this position. I am a graduate of East Stroudsburg University with a degree in Elementary Education and Pennsylvania Teaching Certificate for Elementary Education K-6. My experience working with children includes two years of having my own fifth grade classroom as well as a long- and short-term substitute positions in various grades within multiple districts. I have experience utilizing the following series: Reading Street, Wonders, Journeys, Envision Math, and GO Math.

Currently, I am taking classes through Wilkes University to obtain a Master's Degree of Science in Reading to become a Reading Specialist. In May, I passed my PRAXIS exam for Reading and am now a certified Reading Specialist. I have already learned an incredible amount about literacy development in children and I am eager to put that knowledge to use in a classroom setting. The skills I am learning are preparing me to become a better educator and to develop my communication with students and parents. I am a creative and resourceful individual, and I strive to create effective and engaging lessons that are of high-interest to my students. I believe that children deserve a warm and safe learning environment, which supports them in thinking outside of the box and to reach their full potential.

With the experience of having my own classroom and the desire to broaden my teaching career, I would make a great addition to your staff. I ask that you give me strong consideration for the teaching position available in your district. Please feel free to explore my online teaching portfolio at aeibach.weebly.com. I look forward to the opportunity to meet with you and further discuss my teaching qualifications. Thank you, in advance, for your time and consideration.

Sincerely,

Angela Rose Eibach
